Returning To Wholeness

Resolving Distorted Beliefs - Programming

As a Divine Being, I clear and resolve (insert distorted belief) throughout my nervous system, neural pathways, and cells.

I release and unwrite all distorted programming associated with (insert same distorted belief) held within my physical and Lightbody instruction sets.

I direct this clearing of (insert same distorted belief system as above) to encompass the totality of my Akashic, Ecoushic, and Cosmic records, returning my purified unique signature frequency to zero-point neutrality.

As my particles return to wholeness, I initiate the repair, building, and activation of my Crystal Lightbody to hold my original genetic design.

I call forth my Organic Diamond Sun and Double Diamond Sun DNA instruction sets to activate at the highest level I can embody, allowing my Organic Higher Self to guide my daily experience.

I consciously choose to align with my Authentic Self and Live in Higher States of Consciousness.
